GARDEN NEWS

All people with gardens in the Sacramento Street Community Garden! It is essential that you turn off the hose, after every watering, at the faucet on the house, not at the end of the hose. Water pressure builds up in the hose otherwise; and it has already broken once. Thank you!

WHISTLER MAILING LIST. This list is going to be completely revised, up-dated, and re-typed this summer. If your address is incorrect, if you know of people who should be on the list but are not, or if you have noticed the Whistler being delivered to names of families who have moved out of the neighborhood, please let us know. Call 876-9268, and ask for Julie Snow. Thank you so much.
