2) If not, what does that mean?

3) What services should be provided for children and their families?

4) How much should we charge for the program?

5) How can we best staff our program?

6) What about rules, snacks, etc.?

7) What special activities do parents want provided for their children in the program?

8) What shall we do about release days?

9) What kind of expectations should we have about parent involvement in the program?

THIS IS AN EXTREMELY IMPORTANT MEETING! We need feedback from the families who use our program, too often it feels like we are operating in a void. So bring your ideas and suggestions to the Council meeting on Wednesday, October 6th at 8:00 pm.

The agenda for this meeting will be:

1) Short review of Council functions and activities.

2) Discussion of possible nominations for new Council chairperson.

3) Discussion of after-school program (see above).

We will resume our Police-Commun-

... Task Force activities at the November Council meeting. At that time we will need to nominate and if possible elect a new Community-Task Force representative to replace Francis Joseph. We will also turn our attention toward electing a new Community Council chairperson and ratifying the revised Agassiz Community Council By-Laws.

AGASSIZ NEIGHBORHOOD PLANNING GROUP NEWS

There will be a community meeting on Wednesday, October 20th at 8:00 p.m. in the school library to discuss and finalize the community's "open space proposal" for Sacramento Field.

During the past month, three proposals have been developed from the questionnaires and drawings distributed at the design workshop. It will be up to the residents of the Agassiz neighborhood to select one or a combination of the three to present to the Block Grant Hearing.

Community input and support is CRUCIAL to this project. Try and come to this important meeting!
