ANC Council Notes

Notes from the April 14 ANC Meeting

JoAnn Hoffman, Vice Chair of the ANC, stood in for Chairperson Kathleen Manion, who was ill. She introduced Joel Bard, representing the Nominating Committee, who presented the slate for the 1993/94 ANC Board of Directors (See page 3).

A discussion followed regarding the process the nominating committee used to determine who was chosen. Joel explained that this was the first year the nominating committee had more interested people than spaces available, and the committee sought a balance of people and skills. In response to the comment that the slate did not represent the neighborhood, Joel said he believed that this neighborhood probably had the best representation of any neighborhood organization. There will be two minority representatives, one business representative, and two parent representatives as well as neighbors.

Astrid Dodds suggested that candidates should be better known to the neighborhood. It was agreed to place a short biographical sketch of each board member in this edition of the Whistler, which will be found on page 3. (There will be time to meet the candidates at the May 20 Annual Meeting, directly following the election at 7:30 P.M.)

Joel explained the role of the board. The board exists to govern the corporation, and this includes fiscal responsibility for the programs as well as creating a forum for neighborhood activism. The business of the board is not to set the neighborhood agenda on issues, that is the business of the neighborhood itself, represented by the people who attend neighborhood meetings.

In response to perceptions that some people had been omitted unfairly, John Hermanson offered to second any nomination that was made, but none were, and Joel Bard closed the nominations.

New Agassiz School Plans Presented

Ken Basler, Chairperson of the Agassiz School Oversight Committee, presented the design for the new Agassiz School. It will be presented for approval to the Board of Zoning Appeals by the School Department on April 29, and it represents tireless work on the part of the Oversight Committee. Ken went through the original proposal from September 92, and showed the neighborhood how the Oversight Committee had satisfied each neighborhood concern.

There were architectural drawings and a model of the school displayed at the meeting. (The model will be on display in the Sacramento St. Gallery beginning in July.) The drawings included the exterior of the school, the historical detail the school will incorporate, the footprint of the school, outdoor play space, renovations to Sacramento Field, and teacher parking.

The school will be rebuilt on the current site. In order to provide adjacent play space, the house directly next to the school at #26 Sacramento, will be moved. The foundation for #26 will be rebuilt closer to #24 Sacramento, and the house will be moved to the new foundation. Both properties are owned by Harvard Real Estate, currently in negotiations with the city to actualize this plan.

UPCOMING ANC MEETINGS
Meetings will be held in the Community Room North Hall 1651 Mass. Ave. (corner of Wendell) 7:30 P.M.
May 20, Thursday Annual Meeting
Agenda: Elections With a Reception following Meet the new ANC Board Say Farewell to Steve Winter

Next meeting:
June 15, Tuesday
Agenda: Agassiz School Construction Issues

CAMBRIDGE, MA 02140
617-661-3408
LEAVE A MESSAGE
The newly created open space will become adjacent play space for the Agassiz School with a landscaped buffer facing Sacramento St. The school will still use the Alden Tot Lot across the street as play space, which will require minor renovation. More extensive renovations will be made to Sacramento Field, located down Sacramento St. (The renovation plans for the Tot Lot and the Field are not finalized, and a meeting will be held in June for discussion. See below for an article on the proposed renovations.)

There will be no parking on site, but negotiations are in the works to lease parking spaces from the owner of the house directly next to the Alden Tot Lot on Oxford St. for thirteen teacher spaces. Additional teacher parking may be accommodated with a few spaces at the Cambridge Guidance Center parking lot and another few at the Chang Sho parking lot.

The neighborhood was able to solve a number of Oxford St. traffic problems in relation to the new Agassiz School. The Oversight Committee received a letter from George Teso, Director of Traffic and Parking, who agreed to many of the long standing issues regarding traffic. (See Traffic / Transportation page 4 for that report.)

The library of the Agassiz School will be located on the top floor, and its design will be inspired by the original Baldwin Hall. The Sacramento St. entrance and eagle will be used as an interior entrance to the gym on the Community (basement) floor of the school. The stage area, also in the gym, will be designed to incorporate the doorways found in Baldwin Hall, and the stage area will be in the spirit of Baldwin Hall. There will be more discussion of the historical issues at the hearing scheduled for May 6.

A community mural, designed by Agassiz School children and created by artist Wen-Ti Tsen, will be placed in the Community space. It was originally developed for the Alden Tot Lot, but it was saved for the new school due to fears that the mural could not withstand outdoor conditions.

Facade and building material issues were of concern, since the budget is now being developed, and this is when decisions and possibly changes will be made in materials. Currently the building is to be covered in yellowish brick. The Oversight Committee will continue to review any changes.

Ken said that the Oversight Committee’s work was not done yet. There is still a long list of details, and there are many construction issues that must be addressed. The blacktop area of the Alden Tot Lot will be taken over as a staging area for construction. While health issues were of concern to neighbors, Ken assured them that most of those (such as asbestos removal) are string regulated. Concern that construction may disturb underground water was stressed, and it was agreed that this aspect of construction should be carefully studied. The need for a construction timetable will help people to better cope with the inconvenience. The June ANC meeting will address construction issues.

HMFH Architects have offered to display the model of the new Agassiz School in Sacramento St. Gallery this summer.

There will be a wrap up report in the June Whistler. HMFH Architects must have the final application ready for submission by June 1 to the state for funding, and by then historical, zoning and other meetings will have taken place.

Upcoming meetings will include:

**May 6 at 4 P.M. Historical Commission Hearing** on Agassiz School, 57 Inman St. For information call 349-4683.

**May 27 at 7:30 P.M. Oversight Committee, Community Room at 1651 Mass. Ave.**

**Sacramento Field Renovations**

The sketch will provide a visual of the proposed plan for the redesign of Sacramento Field which will be done as part of the Agassiz Renovation Project. Some improvements to the field are as follows:

1. Underdrains will be added to the playing field to improve drainage. The field will be regraded.
2. A 4’ wide jogging path at the perimeter of the field will be provided.
3. Dedicated access to the field will be provided from Sacramento St., including an 8’ wide concrete sidewalk and curb.
4. The basketball court will be relocated and rebuilt at the Northwest corner of the field.
5. A 60’x22’ tot lot will be added adjacent to the basketball court.
6. Fencing will be repaired and or replaced all around the field.

**Sacramento Field Proposed Plan**

[Diagram of Sacramento Field Proposed Plan]
7. Plantings will be provided where appropriate, to provide a buffer between the field and adjacent houses.

A public meeting will be scheduled sometime in June to review and discuss the details. Check the June Whistler for the time and date.

Meet the Candidates

In order to get to know a little about the candidates for the ANC Board, we have prepared a brief biographical sketch of each candidate:

**Kathleen Manion**, candidate for Chairperson and Newport Rd. resident, has lived in the neighborhood since 1949. Kathleen has been on the board for two years, currently as Chair. She brings her fund raising experience from Harvard Business School and Smith College. Most recently she directed the capital campaign for the Harvard Radcliffe Catholic Student Center and St. Paul’s parish offices. She also serves on the Advisory Council of the Somerville-Cambridge Elder Services.

**JoAnn Hoffman**, candidate for Vice Chairperson, lives on Gorham St. She is currently a student in Public Affairs in the Master program at the McCormack Institute U. Mass. Boston. JoAnn has been on the ANC board for three years, currently as the Vice Chairperson. She focuses on community issues. JoAnn has two children in the Cambridge schools.

**Andrea Averill**, candidate for Treasurer, does not live in Cambridge. She represents the neighborhood business community as Assistant Treasurer at the Cambridge Trust branch located on Mass. Ave. Andrea has been on the board for two years, and she is currently the Treasurer and sits on the Finance Committee.

**Sue Bergin**, candidate for Secretary, lives on Mellen St. Sue has been active on the Agassiz School Oversight Committee, and she has two children in the Agassiz School where she has been an active participant on many committees. She studied photography and fine art at the Art Institute of Boston and is currently employed in a photo lab.

**Buki Escuruoso**, candidate for Parent Representative, lives on Jay St. He has a daughter in the Agassiz Afterschool Care program who attends the new Cambridgeport Program located in Blessed Sacrament School. Buki works for WGBH in Cambridge.

**Janet Rustow**, candidate for Parent Representative, lives on Sacramento St. and has a daughter in the Afterschool Activities Program as well as the Agassiz School. Janet has lived in Cambridge for 16 years, and in the Agassiz neighborhood for two years. She is the Assistant Director of Social Work and Continuing Care at Newton Wellesley Hospital.

**David Chilinski**, candidate for Director, lives on Wendell St. He has served on the board for two years, and worked on the neighborhood committee that negotiated with Harvard Law School for the Community Room. David is an architect and partner in Prellwitz-Chilinski located in Cambridge, currently renovating Holyoke Center.

**Terry Conway**, candidate for Director, lives on Sacramento St. Terry has extensive experience in media, and has begun his own business in broadcast media buying. He is an active member of the Union Baptist Church in Cambridge.

**Richard Griffin**, candidate for Director, lives on Howland St. (We regret the error of last month when his address was listed as Hammond St.) Richard has been active in various Cambridge issues for many years. He has worked as advocate for elders, and is currently the Editor of The Howl, a newsletter for Howland St. and vicinity.

**Steve Koszyna**, candidate for Director, lives on Garfield St. He has a son at the Agassiz School, and has been active this year on the Oversight Committee. Steve is a psychologist at Harvard.

The candidates will be on hand to meet you at the Annual Meeting which will be held on May 20 at 7:30 P.M. in the Community Room at 1651 Mass. Ave. A reception will immediately follow elections.

---

**Neighborhood News**

**Steve Winter Leaves ANC**

Please join us at 8 P.M. on May 20 at the Annual Meeting in the Community Room when the community will have an opportunity to say farewell to Steve Winter, who has served as Program Director. Steve began his career at Agassiz as an afterschool teacher. Steve has been a part of the fabric of the neighborhood for so many years, that it is hard to imagine the ANC without him. He will still be a resident, so you can still catch him at the Oxford Spa or along Mass. Ave.

Steve has taken the position of Executive Director of the Roudenbush Community Center in Westford MA. It provides recreational, educational, civic and health opportunities for citizens in a 5 town area.

Steve received his Masters Degree in Educational Management from Cambridge College in the summer of 1992.
Memorial Hall Renovation Committee

As reported in previous Whisters, Harvard plans to renovate Memorial Hall and Lowell Lecture Hall, both on the corner of Oxford and Kirkland. Harvard has assembled this committee to review plans in light of present transportation problems in the area and to help forestall future problems. Harvard has said that the area should remain pedestrian-friendly and that the University's development plans should "treat University edges with attention to the concerns of neighbors." The committee includes representatives of the Harvard Planning Dept., Harvard Real Estate, Harvard Office of Government & Community Affairs, the Cambridge Departments of Traffic & Parking and Community Development, the Mid-Cambridge Neighborhood Association, and the Agassiz Neighborhood Council. The ANC representatives on the committee are Ken Basler, Astrid Dodds, Jim O'Neill and David Valenstein.

Harvard has hired the firm Vanasse Hangen Brustlin, Inc., to conduct a transportation study of an area that includes all parts of Quincy, Prescott, Broadway, Cambridge, Kirkland, and Oxford Streets, as well as the pedestrian overpass between the Yard and the Science Center. Data collection has started, including automated vehicle counters in the street, videotaping of certain high volume pedestrian areas, and personal observation. VHB was concerned that its data collection be completed before Harvard classes end on April 30. Lauren Preston pointed out at the April 22 meeting, however, that both pedestrian and vehicle volume was reduced during Cambridge Public School vacation; VHB said that it would gather additional data to account for this.

Jim O'Neill asserted that Harvard was an impact on the entire length of Oxford. He also asked that alternative access to the Harvard parking lots off Oxford be considered. Harris Band of Harvard's Planning group expressed concern about the proposed truck ban on Oxford Street. Lauren Preston assured him that trucks with a delivery address at the university will not be barred from Oxford Street.

David Valenstein pointed out that any study of Harvard traffic's impact on our neighborhood should include both Everett and Wendell Streets because, in terms of access to and egress from Harvard, they are a matched pair.

Astrid Dodds applauded Harvard's emphasis on pedestrian well-being but was concerned that the Cambridge Bicycle Advisory Committee was not represented at the meeting given that the CBAC regards the pedestrian overpass as a vital bicycle link between Harvard-Prescott-Quincy Streets and Cambridge Common. She described the present conflicts between pedestrians and bicyclists in the area under consideration. Tell us your experience!

Harvard and VHB are both interested in gathering anecdotal material on pedestrian-bicyclist coexistence of the pedestrian overpass and on streets and sidewalks in the area of Memorial Hall and Harvard Yard. If you are an Agassiz pedestrian or bicyclist who walks or rides to or around Harvard Yard using the overpass or surrounding streets and sidewalks, and you have any observations to contribute to VHB's transportation study, please call Astrid Dodds at 354-6553, as soon as possible. Feel free to leave a message on the machine, but be sure to leave your name and phone number.

Traffic/Transportation

The Year in Review

This past year has been remarkable for the fact that it has seen the most sustained attention paid to traffic/transportation in the Agassiz neighborhood in two decades. In the past, reluctance on the part of the Traffic & Parking Dept. has dampened neighborhood initiatives. The difference this year is that a critical mass of residents with long memories resolved not to let things slide. It helped that the State finally got around to rebuilding the Beacon St. RR bridge. Also, we were spurred by our recognition that the construction of a new Agassiz School (which State funding required be 40% larger) would have a significant impact on the neighborhood in terms of traffic of all kinds.

Over the past 3 months, there has been an exchange of letters between Deputy City Manager Richard Rossi and the following three chairpeople acting as a group: Kathleen Manton, ANC; Ken Basler, Oversight; and David Valenstein, Traffic. The goal has been to reach an agreement with the City before permits are issued for school demolition/construction about how commuter traffic on Oxford will be controlled and reduced.

As of April 25, the City has agreed to:
(1) in cooperation with Somerville, reconfigure the top of Oxford as expeditiously as possible, preferably by Sept. 1
(2) in cooperation with Harvard, consider a traffic signal at Kirkland & Oxford
(3) install in 1993 a traffic signal at Everett & Oxford, with 4-way stop signs installed there as an interim measure
(4) make all present and future Oxford St. traffic signals pre-timed (rather than semi-activated, as the Sacramento & Forest ones are now)
(5) in cooperation with Somerville, submit to the State as soon as possible a petition for banning trucks over 21/2 tons on Oxford except for local deliveries
(6) work with Somerville on a redesign of the direction of

Avon Associates
1675 Mass. Ave.
Apt. Rentals Sales
661-8400
the streets Cambridge & Somerville share in the Agassiz neighborhood.

On a 7th item, installing stop signs at each Oxford intersection without a traffic signal, the City has asked us to wait and see what the impact is of the pre-timed lights at Everett, Sacramento and Forest before deciding that the installation of stop signs is appropriate.

**Bus #83 Update**

On April 12, a letter was sent by Charles Ash, Astrid Dodds, and Mary Mula (a Sacramento Street, Somerville resident) to Mass. Secretary of Transportation James Kerasiotes asking him to intervene in the MBTA decision on Bus #83 to ensure that the $1.2 million Beacon St. bridge will serve its neighbors who depend on public transportation -- not just the trucking industry, single occupant vehicle commuters, and the suburbanites who go under it out to Acton. Copies of the letter went to Governor Weld, members the state legislature, Congressman Kennedy, local representatives of the Federal Highway Administration and the EPA, and municipal officials. As Chair of the MBTA Board of Directors, Secretary Kerasiotes may have some influence on the MBTA which seems at this time inclined to honor Somerville's preference that Bus #83 stay on Somerville Ave. If we do not know the T's decision in time for the June 1 Whistler, watch the Cambridge Chronicle this summer.

**Thanks to all who helped**

The unprecedented progress made this year on Oxford St. traffic issues would not have been possible without the interest, dedication, time and energy of many people. The core group of the ANC Traffic Committee in recent months has included Chair David Valenstein, John Hermanson, Jim O'Neill, Ken Basler and Astrid Dodds. Some residents worked hard on the two-city issues addressed by the Joint Somerville-Cambridge Traffic Committee. Agassiz residents whose time and input on traffic/transportation issues have been appreciated in recent months include: Charles Ash, Joel Bard, Charles Beye, Mark Day, Chantal Fujiwara, Ethan Gould, Richard Griffin, David Groark, Sandra Harris, JoAnn Hoffman, Bob Johnson, Alan Korb, Keene Metzger, Fred Meyer, Doug Kline, Mary Nagatomi, Albert Silliman, Virginia Smith, Jim Stockard, Meredith Thompson, Bonnie Solomon, Jim Wallace, and the entire School Oversight Committee.

Thanks, too, to all of the residents who over the years have signed petitions and responded to surveys about the dangers of the Wendell-Oxford intersection. It is our hope that with properly timed lights at both Sacramento and Everett will come safer windows of opportunity for both pedestrians and motorists at that intersection.

---

**Cambridge Peace Commission Responds to Bosnia-Herzegovina**

**4/14/93**

Dear Friends and Fellow Cambridge folks,

The past year of news from Bosnia-Herzegovina-the siege on Sarajevo which only a few years ago was televised daily as the Olympic host city, the policy of ethnic cleansing reminiscent of past genocidal policies, the full scale destruction of Muslim culture, the strategy of systematic rape - have affected many of us. The images of devastation continue to mount with little response from U.S. citizens. For some of us, the situation is too remote. For others, we feel concerned but don't have any way to react.

Here in Cambridge, a group has formed to create a "Campaign of Support for Sarajevo". In recognizing the similarities between Cambridge and Sarajevo as multiethnic communities, we have drafted a resolution which accompanies this letter. Our goal is to gather signatures from individuals, groups, churches, community organizations, and ultimately the city council. Once we have achieved our goal, we will place the resolution as an advertisement in the only remaining newspaper serving Sarajevo. We have already received some indication of how positively such public support would be received by a city which is not only under siege but feeling abandoned by the world.

The letter goes on to ask City residents to sign a petition (which is available at the Peace Commission or in the Neighborhood Council office) which is a resolution of support for Sarajevo. It further asks us to send whatever donation we can to the New England Bosnia Relief Committee, 54 Ellery St. Boston MA 02127, 464-0111. The letter is signed by Cathy Hoffman, Director, Cambridge Peace Commission, and she can be reached at 349-4694.

THE BLACK FOREST of Cambridge

Dear Agassiz Neighbors:

It is with regret and not by choice that after 15 years, The Black Forest will be relocating to 223 Concord Avenue (near Huron) as of May 1.

I wish to thank you all for your strong support all these years, and hope to see you at our new location.

Richard
Cultural Happenings

Please Join the Agassiz Community in
An Evening Tribute To
Carol Hantman
On Saturday May 22 at 7:30 P.M.
Baldwin Hall Agassiz School

The Agassiz After-School Players present Miss Baldwin of Agassiz, an original historical drama written for the Players by Carol Hantman in 1990. This play depicts the life of Miss Maria Louise Baldwin, teacher and principal at Agassiz School for 22 years. She was the first female African-American principal in all New England, and she was instrumental in the creation of the current building which was built during her tenure and replaced the original Agassiz School. This will be the last production in Miss Baldwin's building which is scheduled for demolition sometime this summer or fall to make way for a third Agassiz School.

Carol died on March 11, and we will honor her with this production directed by Kathy Woods. Carol's family requested that donations in her memory be made to the Agassiz Neighborhood Council, and so far we have received over $800, which has been used to fund scholarships for children participating in this production and future productions of the AAP.

All members of the Agassiz Community are welcome to come and remember Carol, our great friend, brilliant wit, talented playwright and good neighbor.

Andrea Hornbein
Continuum
Sculpture and Drawings from 1988 to 1993

Community School News

Outback Summer Camp

Applications are now being accepted for our 8 week summer day camp program located at 20 Sacramento St. Spaces are still available, but weeks are filling up fast. So to get your choice of weeks, sign up soon.

The camp is available for children entering grades 1-6. Camp hours are 8:30 A.M. - 2:30 P.M. with an option for extended day until 5:30 P.M.

The Counselor in Training Program, available to youth entering grades 7-9, is already filled.

Enroll Now for Fall Afterschool

Full time afterschool for children entering grades K-5 in the fall is currently accepting applications.

Preschool Has New Hours

The Sacramento St. Preschool, located at 20 Sacramento St., has adopted new hours to serve our preschool parents better.

The core hours for children from 2 years 9 months to 4 years of age are 9 A.M. to Noon. Options are now available for extended hours, and parents may leave children off as early as 8:30 A.M. and pick them up as late as 1:30 P.M.

Temporary Site for Agassiz

We have been advised that the bidding has been delayed, and the temporary site for the Agassiz School will not be chosen until May.

For information on any of the above programs, call the council office at 349-6287.
